CODY SCHEEL, 805.781.5157, CScheel@co.slo.ca.us COASTAL Team / Development Review

Greetings elected/appointed official,

It has come to my attention that you are in favor of allowing a permit to turn the quiet neighborhood of Cabrillo Estates into a hotbed of noise, activity, and traffic by making it available for vacation rental business.

This is not only wrong, it is quite absurd. Why would you support turning a nice R1 community into this???

If we were a bungalow community stretched along a busy shoreline boulevard, well, I might agree, but what you are supporting is simply an abomination of a community that is dead against such a ridiculous idea.

Thank you for seeing the light come July 14, and the support of many residents who will be in attendance.

If you still hold to your opinion, it may be time to let the peoples voice find another place for you in this county. Not to mention that we will appeal any decision in favor of said permit.

Subject: Grummer Vacation Rental Minor Use Permit

Dear Mr. Scheel,

Hope you enjoyed a nice 4th of July Holiday. This email is in regards to the proposed Minor Use Permit by

the Grummer's to use their Cabrillo Estate property as a vacation rental. When you have a moment we were

wondering about your thoughts on a couple of concerns we have as residents in Cabrillo and vacant land

owners in Los Osos who were told we must wait another 4-5 years before building.

The news has been buzzing with communities taking issue with AirBnB style vacation rentals. When someone has purchased

in a single-family or multifamily zone, they have accepted the rules of that zoning. They do not have the right to turn their

home into a motel (transient zoning), a restaurant, or a factory to the detriment of everyone else in that zone. Between noise,

neighborhood over-parking, traffic and potential "party houses," we believe these are valid reasons to consider in not approving the Grummer's application. Interestingly enough the Cabrillo Estate resident's objections didn't seem to be addressed in the staff report, why is that? Are local residents, who will be living with vacation renters and presently paying tax dollars & vote, not entitled to have their concerns addressed?

And secondly, due to County water concerns, vacation renters may not have the community overall in mind and potentially waste water. Owners will need to pay for overuse, however, we, as residents, bare the brunt of water shortages financially and the further delay in the ability to build on our vacant lots in Los Osos. What are your thoughts of the Planning Department not considering the entire community's water and neighborhood rights for the sake of one property owner?

Thank you for your time in this matter. We would appreciate your response addressing the issues above on the Grummer's Vacation Rental Application.

Very truly yours, Ken & Darlene Kellett 2505 Rodman Drive Los Osos CA 93402 805-528-0147

Re: Los Osos Community Advisory Council Chairmen Comments on *DRC2015-00085 GRUMMER MUP*, proposed Vacation Rental for an existing SFR (5,285 SF) located at 2765 Crockett Circle, Los Osos APN: 074-454-013.

To: Mr. Cody Scheel, Current Planner, Planning & Building Department San Luis Obispo County Planning Commissions

The DRC2015-00085 GRUMMER MUP was originally scheduled for consideration by the Los Osos Land Use Committee (LUC), a committee of the Los Osos Community Advisory Council (LOCAC), on Thursday March 10, 2016. At that time I was the Chairperson for the LUC and Vice Chairperson for LOCAC. The contact name for this item was Mr. Nick Juren and I forwarded the meeting notification to him at the email address provided on the application form. No one was in attendance to represent the request by the Grummer's, however, the LUC members recommended that the item be placed on the next LUC agenda with the applicant making a presentation. I did hear from Mr. Juren that he did not attend the March 10<sup>th</sup> LUC meeting as he no longer was associated with the Grummer's and would not be at any future meetings. I directly contacted Mr. Bruce Gummer at his residence in Oklahoma City on April 11, 2016 informing him that the MUP would be considered at the April 14, 2016 LUC meeting and that someone should be in attendance whom would respond to questions from LUC members and members of the public. During our conversation Mr. Grummer told me that he and his wife had decided to withdraw their request for a MUP vacation rental and then sent me an email verifying their intention to withdraw the application.

On April 12, 2016 I talked with Cody Scheel, Planner assigned to this item (DRC2015-00085) informing him that I received an email from Mr. Grummer stating his decision to withdraw their request for the MUP. I forwarded a copy of the Grummer email to Cody on April 13, 2016.

On April 20, 2016 I received an email from Cody stating that Mr. Grummer changed his mind and wants to move forward with the MUP vacation rental and this item has been placed on the May 6, 2016 Planning Commission agenda. Cody also stated in the email that he was receiving significant opposition to the MUP from neighbors in Cabrillo Estates (where the residence is located in Los Osos). It appears to me that the Grummer's have bypassed the normal process of local review, which is one very important reason Community Advisory Council's have been established, because they knew about the opposition from neighbors.

On April 21, 2016 I informed persons in the community whom by this time had expressed serious concerns about the MUP request, that I had placed this item on the April 28, 2016 Los Osos Community Advisory Council meeting agenda. LOCAC met on April 28<sup>th</sup> and considered The Grummer MUP and recommended NOT approving this MUP citing the

following neighbor concerns: No sidewalks, parking on the street, garbage cans in the street, decline in surrounding property values, and no property manager to call.

If the commissioner's are not receptive to input from the neighbor's as I believe they should be, then at least require the applicant MUST follow the established procedure for local review, consideration and recommendation. It is clear that the community does not support this vacation rental MUP.

I strongly urge the Planning Commission to deny the MUP vacation rental request or at the very least require this MUP vacation rental be returned to the Los Osos Community Advisory Council for review and consideration. Additionally, Los Osos has an existing motel, Sea Pines, which has available room rental capacity and is properly zoned for this activity as well as staffed adequately.

Thank you for your attention and consideration. I will make available copies of all emails and other documents referenced in this letter upon your request.

Dear Cody,

We are emailing you to provide our opinion on Bruce & Linda Grummer's request for a Minor Use Permit to allow a vacation rental at 2765 Crockett Circle. We live in the neighborhood at 257 San Jacinto Drive and are very worried about the impact that a nearby vacation rental will have on us. No doubt you have heard from many of our neighbors about our concerns regarding noise, parking, and other disruptions that occur with people who are vacationing and are not committed to residential protocol. We are also worried about the impact that this activity will have on our limited water supply.

We would have preferred to air our concerns at the Planning Department meeting on July 14th where this request will be considered, but we will be out of the state then, which is the main reason we are writing to you today.

Please consider the well-being of the residents of our neighborhood and deny this petition.

- County Updates None. No County Representative.
- Safe Routes to School discussion on future role group wants to play. Chris explained situation.

Group wants to continue to look at the area - working with the County to understand what options are available - ideas from group:

- remove barrier on Doris, this will allow another option for Cuesta by the Sea traffic to school site.
- work to install barrier on Skyline and on Rosina at Fearn this will push traffic to Pine and Pecho and stop traffic in neighborhood.
- idea for installation of paved dips to slow traffic
- Other options ideas welcome We will work to explore them with the County.

Result we are looking to achieve; safer traffic area for students trekking to school. Area congested daily with school traffic from 8-8:30am.

**NEXT meeting**, Tuesday June 14, 5:30 will meet at Doris and Rosina, to walk the area (thanks Dave for the suggestion).

This is to inform you that we are opposed to the Grummer's request for a Minor Use Permit to allow an existing single family residence to be used as a residential vacation rental. Our home on Crockett Circle will be directly impacted if this request is permitted as we live only a couple of properties away from the site in question.

This area (Cabrillo Estates) is meant to be a residential neighborhood and that is why we moved and built our home here in 2014. Given that there is no beach access from Cabrillo Estates, a residential vacation rental makes little sense and will only result in greater noise and traffic in the area. Permitting this use will only encourage other owners to convert such single family residences to vacation rentals. We are also concerned about the potential noise and party atmosphere that will result from turning this large single family residence to a vacation rental.

Accordingly please register our opposition to the request and we respectfully request that it be denied.
